

Off-the-Road Tire

LIMITED MANUFACTURER'S WARRANTY

LIMITED WARRANTY

Triangle off-the-road (OTR) tire limited manufacturer's warranty, effective February 1st 2016.

WHO IS ELIGIBLE FOR WARRANTY COVERAGE

You are eligible for the benefits of this warranty if you meet all the following criteria:

- You are the owner or authorized agent of the owner of new Triangle OTR tires.
- Your Triangle OTR tires are not branded "NA" (Not Adjustable).
- Your Triangle OTR tires have been used only on the equipment on which they were originally installed according to the equipment manufacturer's or Triangle's recommendations. Your tires were purchased on or after February 1, 2016.

WHAT IS COVERED UNDER THIS WARRANTY AND PRORATED TIRE REPLACEMENT

Triangle OTR tires covered by this warranty that become unserviceable due to a defect in workmanship or material during the life of the original usable tread will be reimbursed to the owner on a prorated basis. The life of the original usable tread is defined by when the tire tread has worn down to 10 % of the original tread depth, at which point the tire is considered to be fully worn out.

- The defective Triangle tire must be replaced with a comparable new Triangle tire by an authorized Triangle OTR tire dealer.
- Blemished, Non-Adjustable (stamped on tire), retreads or road hazard tires are specifically excluded.

HOW TO CALCULATE THE PRORATED AMOUNT

The replacement price will be calculated by multiplying the current Triangle "predetermined price for adjustment" or current advertised selling price at the adjustment location (whichever is lower) by the percentage of usable original tread that has been worn off at the time of adjustment. Please refer to the chart below for calculation of prorated credit. You pay for mounting and any other applicable taxes and fees for the comparable new Triangle replacement tire.
